EDUCATION

D. Y. Patil Technical Campus, Talsande — Kolhapur, India
*B.Tech in Computer Science and Engineering – **72.81%*** — *2023 – 2027*

Balmohan College — Chopda, Maharashtra
*Higher Secondary Certificate (HSC) – **82.83%*** — *2023*

R.H.V. Vadhoda School — Vadhoda, Maharashtra
*Secondary School Certificate (SSC) – **87.80%*** — *2021*

TECHNICAL SKILLS

Languages: Java (Java 17), JavaScript (ES6+), C, C++, Python, SQL, HTML5, CSS3
Frameworks & Web Technology: Spring Boot, React.js, Hibernate, RESTful APIs, Bootstrap 5, Flexbox
Databases & Backend Tools: MySQL, Postman API Testing, Spring Data JPA, Axios
Developer Tools: Git, GitHub, VS Code, Eclipse, Vercel, Railway Cloud
Core Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS

EXPERIENCE

Authentic Technologies — Kolhapur, India
Web Developer Intern — *June 2026 – July 2026*

- Developed and optimized responsive web application modules using **HTML5, CSS3, JavaScript (ES6), Bootstrap 5**, and **React.js**.
- Built multiple web assets including a registration portal, landing page, e-commerce storefront, and personal developer portfolio with cross-module interlinking.
- Implemented client-side DOM manipulation and form validation using vanilla JavaScript logic to enforce input sanitization and prevent empty submit errors.
- Designed multi-device responsive components using Bootstrap 5's 12-column grid system and Flexbox, rendering seamlessly across screen sizes.

PROJECTS

TechRent Hub | Live Demo | GitHub | *React.js, Spring Boot, MySQL*

- Engineered a dynamic equipment rental platform featuring a real-time business analytics dashboard tracking active bookings, revenue, and inventory.
- Architected RESTful backend APIs in **Spring Boot** with **Spring Data JPA** and **MySQL** database integration for handling inventory metadata and customer management.
- Implemented customer booking lifecycle operations with automatic status tracking and dynamic availability restoration upon booking cancellation.
- Integrated client-side live equipment search and category management filters in **React.js**, deployed on **Vercel** (Frontend) and **Railway Cloud** (Backend).

Personal Developer Portfolio

- Designed and deployed a responsive personal web application to showcase software projects, technical skills, and experience profiles.
- Integrated smooth page scrolling with internal section anchoring and interactive UI components built using modular CSS, Flexbox, and Bootstrap card layouts.
- Embedded clean links connecting all web applications developed during the industrial internship cycle.

CERTIFICATIONS & ACTIVITIES

Industrial Internship Certificate: Successfully completed 1-month hands-on web development training at Authentic Technologies.
Problem Solving & Coding: Active practitioner of Data Structures, Algorithms, and Object-Oriented Programming concepts.
